

SVAS Biosana in support of the 4th Michele Amoroso Memorial: together for health

SVAS Biosana is proud to announce its participation in the **4th Michele Amoroso Memorial**, a charity event organized by the association *In Nome di Concetta* in memory of Michele Amoroso, founder of *Generazione Vincente S.p.A.* The initiative is dedicated to sustain the Santobono Pausilipon Foundation and, in particular, the “**Ti CuriAMO a Casa**” project, which has its focus on pediatric home care for cancer and chronic disease patients.

A commitment to people's health and well-being

Taking part in this event reflects SVAS Biosana's core values: innovation, responsibility and focus on people's well-being. These principles lead us every day in our work and remind us how important it is to take care of others, especially the most fragile.

Health, in our view, is not just a goal, but a precious resource, to be protected and enhanced.

As we often remark in SVAS Biosana, **Health is Wealth**: health is true wealth. And now more than ever we feel the importance of supporting those who need it most, helping to improve the quality of life for so many young patients and their families. Participating in the Michele Amoroso Memorial is an honor and an opportunity for us to reaffirm our social commitment and dedication to health as a collective good.

We thank all those who made this event possible and are proud to be part of an initiative that combines solidarity and commitment to the future of the little ones.
